

SIGNS

With our state-of-the-art printing and cutting equipment we produce full-color, attention-getting magnetic signs for cars and trucks. To assure a long-lasting, exceptional product, we print on high quality white vinyl, laminate the vinyl to 20 or 30 mil magnetic material (thickness depends on sign size), and then laminate the surface with a durable clear film to guard against scratches and provide prolonged UV protection. Naturally, we can provide signs for a variety of other uses . . . using both digital printing and cut-vinyl techniques.

TEAM STUFF

Need names, logos, or numbers added to your team uniforms, jackets or sweats? We can do the whole job, or match the imprinting on items that you already have. Plus, we can embroider and/or imprint names and logos on bags, jackets, sweatshirts, sweatpants, caps or other accessories that your team members or supporters need or desire. **Don't forget, we can provide the blank garments, saving you money and time.**

BANNERS-BANNERS-BANNERS

Let us produce **EYE CATCHING** banners for your next event . . . reunion, business outing, grand opening, or sports event . . . or to boost interest and pride in your sports team. We provide both cut vinyl and full-color imprinted banners at very economical prices.

Also ask us about our **PRINTS ON FOAM CORE**. They are the perfect choice for decorating your restaurant, office, or other place of business with photos and artwork showing "what you do."

PROMOTIONAL PRODUCTS

Please look to us for products to help support, advertise, or raise funds for your business, team, club, or organization. We offer a complete range of promotional products from personalized caps, garments and accessories to pens, flashlights, key chains, small magnetic signs, bumper stickers, briefcases, appointment books, totes, bags, mugs and much, much, more. Please visit our website to view the full line of products we offer.

ABOUT US

We have over 25 years of experience in the imprinting and embroidery business. We manufactured sportswear under our Sun East label, sublimated soccer uniforms under our Sports Hardwear label, produced souvenir apparel under our Sunshine Apparel label, and provided retail embroidery services as The Embroidered Image. Born and raised in South Jersey, we moved our business to Florida where we remained for 18 years. Recently, we moved back to the Northeast (Harleysville) and are pleased to have the opportunity to use our experience and skills to serve our new "neighborhood."

EMBROIDERY SERVICES

We have been fortunate to have a wide range of customers from small businesses, restaurants, sports teams, golf courses, health spas, the military, schools, and clubs to major corporations. In-house set-up and digitizing helps us to assure exceptional quality and service for our customers, as well as to provide digitizing services to other embroiderers.

Shown here are a few of the hundreds of designs that we digitized and embroidered on an assortment of garments and accessories for our customers. These images are vector conversions of our actual embroidery files.

IMPRINTED GARMENTS

We print multi-color (including full-color photographic) designs on tees, sweats, jackets, and caps at a fraction of the cost of traditional screen printing. With our printing, we can also obtain a softer hand and higher resolution than traditional screen printing, especially on colored garments. Further, your designs and photographs will maintain the same rich colors even when printed on a variety of garment colors. If you're looking for an inexpensive way to identify your employees, or looking for a great keepsake for a family reunion or group outing, call us for a no-obligation quote.

NO HASSLE GARMENT SOURCE

We offer garments and accessories from many manufacturers through a network of distributors. One local distributor that we deal with extensively has an excellent web site: www.4logowearables.com. Their web site makes it convenient for you to compare and select the items that meet your needs. Plus, it allows us to make a firm quote on the exact item that you choose. Of course, if what you see doesn't meet your needs, we will research our other sources to find the exact product you require.
